DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORED GRAIN

For use with stored grain, including barley, buckwheat, corn, oats, rice, rye, sorghum grain, wheat, and mixtures of these grains.

Adjust moisture content of grain to not over 12% by weight, and add 7 lbs. of this product per ton of grain at the point of entry into storage. Treated grain may be reduced to a lower grade, have reduced feedability and test weight. For best results, treat grain immediately after harvest.

Garden Guy's Extreme Insect Control Diatomaceous Earth is a mechanical insect killer. Insects cannot become immune to its action. Insects come in contact or ingest this powder and die within 48 hours.

OTHER USES (INDOOR AND OUTDOOR APPLICATIONS)

Garden Guy's Extreme Insect Control is intended for application with a hand duster, power duster or other similar means for application to areas where crawling insects are found. Apply Garden Guy's Extreme Insect Control to cracks and crevices with the use of a hollow duster or other suitable equipment. Apply lightly and uniformly.

Insect use: Cockroaches, Ants, Earwigs, Millipedes and Centipedes, Crickets and Silverfish. Lightly coat a thin layer of DuD's 610 in areas where these pests are found and may hide such as cracks and crevices, behind and beneath refrigerators, cabinets, shelves, garbage cans and in and around sewer pipes and drains, window frames and in attics and basements. Dust insects directly if possible. Repeat treatment regularly.

Flies: Thoroughly treat floor and bedding in and around pet's sleeping quarters. Treat surrounding cracks and crevices, baseboards, carpeting and wherever flies are suspected.

Carpet Beetles: Dust along baseboards, carpet edges, under carpeting, furniture, in closets and shelving where these insects are seen or suspected.

Bedbugs: Dismantle bed. Use in joints, crevices and where rungs are inserted. See that all interior areas are dusted. Dust mattresses especially folds and edges. All cracks and crevices in the bedroom should be treated.

Outdoor use: Cockroaches, Earwigs, Grasshoppers, Ants, Crickets and other crawling insects. Lightly coat a thin layer of Garden Guy's Extreme Insect Control in areas where these insects are found such as gutters, outdoor silos, window and door frames. Dust around foundations, along art trails and around sewer pipes and drains. Repeat treatment as necessary.

Manufacturer makes no warranty, expressed or implied, regarding the performance of this product in the absence of control over how it is used.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
